Emergency Contact (name/phone) _____

The purpose of this Consent Form is to clarify the scope of the treatment to be provided in our process as Energy Healer and Client.

In my role as Energy Healer, I, Aluvia Marlene Astrid will foster your healing process through the use of energy healing techniques which may or may not require that I lay my hands on your physical body. My intention is to engage with you in your healing process in a way that facilitates your ability to self-heal and heightens your awareness of both your current condition and healing process. This is accomplished through direct work with your Energy Field, as well as through the exploration of your health history, diet, exercise, childhood, life stresses, and beliefs which may impact your Physical, Emotional, Mental and Spiritual well-being.

Since I am not a Physician or Psychologist, I recommend that you have these professionals enlisted as part of your Healing Team. I do not diagnose illness or disease or prescribe medications. I encourage you to share our work with members of your Healing Team and am available to discuss our work with them as well, based on your signed consent to Release Information.

I may discuss our healing work with peers or professionals to foster my professional development, but you will remain anonymous in these discussions. I am not aware of any negative side affects of the treatment I provide.

Client Acknowledgement and Release:

I, _____, hereby acknowledge that I have read the above conditions of receiving treatment from Aluvia Marlene Astrid, and that I freely choose to receive these treatments. I assume all risks and responsibilities for the affects of the treatments received and release Aluvia Marlene Astrid from any claims of malpractice or harm.
